# Introduction

Synthesis Architects is an award-winning design firm providing imaginative architecture and planning solutions for:

- PreK-12 Schools
- Automotive Facilities
- Hospital and Medical
- Colleges and Universities
- Civic and Municipal Buildings
- Commercial and Corporate Buildings
- Not-for-Profit and Institutional Projects

Synthesis Architects creates unique, beautiful and quality-based solutions while incorporating the highest standards of design, construction and environmental standards. We are a nationally recognized design firm, with clients throughout the USA.

For over 33 years, the projects by Synthesis Architects have exemplified the firm's strong commitment to developing quality, sustainable environments and buildings. Our intimate knowledge of facility planning, design, and construction practices makes Synthesis Architects an excellent partner in any new construction or renovation project.
